

CSSE3101 – ADVANCED WEB TECHNOLOGIES

STUDENT CENTERED LEARNING ACTIVITY 3 – Bootstrap

Implement the following instructions using the Bootstrap CSS Framework.

1. Make a new file index.html.
2. Go to Bootstrap website <https://getbootstrap.com/docs/5.2/getting-started/introduction/> and copy the HTML Code with the Bootstrap CDN links.
3. Use the Bootstrap Grid to make the following layout.

Navigation			
Login	Carousel(at least 3 images)		
Accordion	Card 1	Card 2	Card 3
Footer			

4. Use Bootstrap components to design the web page.
